I forwarded this to Linda Miller. How do you want to handle? HSCD to my knowledge has not received a direct request from HQ. Lydia is finalizing authorities discussion. Thanks, Kathy

Kathy and karen,

I received this from MPF. HQ OECA is reaching out to Water Div. For 311 questions.

I have left for the day to watch my son's first basketball game. If you need me to respond please call my cell [Ex. 6 - Personal Privacy]

I have copied Joan Armstrong on this message as her office in the Region has management and oversight of CWA 311, OPA, CERCLA, EPCRA and CAA 112(r) and General Duty. I know that Joan and her management in our Hazardous Site-Clean up Division have been and continue to communicate with Headquarters on the status of the situation. For information on CWA 311 and other authorities beyond section 402, I would follow-up with Joan on messaging that they have shared to their respective HQ offices.

Julia and Lauren,

Can you answer question #5 below.

There was no deadline given for a response but given the political interest and continued news coverage of this spill I am guessing a response is needed today.

Thanks,

Nate

Good morning,

Here are some follow up questions: Randy can OSWER address 1-4? Nate, Is OCEA opening up an investigation-see q #5? I know DOJ is involved.
